

IMMIGRATION VETTING PROJECT : Tx. State Candidates

Dear Candidate:

A coalition of Immigration enforcement groups including, Stop The Magnet, TFIRE, (Texans for Immigration Reduction & Enforcement), and IRCOT, (Immigration Reform Coalition of Texas), have joined together to develop a robust candidate survey on Immigration and Enforcement at Local, State, and Federal levels. We believe this survey, the **Immigration Vetting Project**, will be a way in which candidates can peel back the rhetoric and use this opportunity to speak directly to the voter in a real and relevant manner on the issue of illegal immigration. We hope that your campaign will consider our invitation and choose to participate in the **Immigration Vetting Project**. Should you choose to participate, once we receive the responses, the information will be communicated to the media, and the organizations' leadership which will then be distributed through newsletters, and posted to websites. Additionally, the results will be shared with national pro-enforcement immigration organizations and Houston voters who have signed petitions seeking enforcement measures locally. Should there be a run-off in any race we may determine to develop a rating system at that time.

INSTRUCTIONS:

Use the following link (below) to access the survey online, simply print the pages, answer the questions and return to us by e-mail, fax or mailing address.

IMMIGRATION VETTING PROJECT-SURVEY FOR STATE RACES

Please complete the survey and return by our deadline of **January 15, 2014** via fax # : **713-973-5762** or simply scan your documents and e-mail the PDF files to: magnacarta@stophthemagnet.com

Responses may also be mailed in to the following address: **STM 448 W. 19th St. #234 Houston, Tx. 77008.**
Questions? please contact our secretary Jeanne Hall at: **713-660-0788** or e-mail us at:
magnacarta@stophthemagnet.com

We are truly grateful for your time and attention to our survey and your courage for seeking to run for public office.

Respectfully Yours,
Liz Theiss

It is increasingly clear the federal government has abandoned its duty to protect citizen lives, property and jobs from border incursions.

** Agree means I will use the powers of my elected office, to author, vote to support or promote these legislative initiatives.*

**** DEADLINE: January 15, 2014**

A) Use DPS or Texas State Guard to assist in protecting the border and providing resources to Sheriffs along the border.: *

Agree

Disagree

Since the federal government has failed in its duties to stop foreign incursions into our state and acts of violence and terrorism across the globe run rampant, now is the time to protect Texans as a high priority item. I will commit to utilizing the Texas State Guard or DPS along vulnerable points of the Texas border and support sheriffs in their endeavors to keep residents in their jurisdictions protected by any funding or equipment for such purposes as permitted by law.

B) Support state legislative efforts or local ballot initiatives to repeal all sanctuary/safety zones in the State of Texas.: *

Agree

Disagree

Upon taking the oath of office an elected official is compelled to uphold the law and the Constitution. It should therefore be a requirement that all officeholders uphold state and federal laws without prejudice. By not enforcing laws which prohibit undocumented individuals from entering the country illegally, our elected officials place their constituency in dire peril. Further, when jurisdictions do not allow law enforcement to determine identity and immigration status upon a probable cause encounter in the normal course of their duties, our neighborhoods become safety zones for illegal activity and foreign drug cartels. I support the withdrawal of all state funds, grants,

etc. where applicable to such municipalities that practice sanctuary and/or safety zones for individuals in the country illegally. The issue is so damaging to the legal citizen and resident as well as to national security, that I will support state legislative efforts or local ballot initiatives to repeal all sanctuary/safety zones in the State of Texas.

C) Companies should be at risk of losing business licenses for failing to properly identify lawful employees using E-Verify or similar resource.: *

Agree

Disagree

Illegal immigration can be slowed down by stopping magnets or inducements paid for by hard-working taxpayers. Increasingly, children are the victims of identity theft as their social security numbers are stolen and not discovered until they are of working age. We should favor businesses for compliance in hiring lawful employees by placing them on a special list for state or local contracts. Additionally, incentivizing them through tax breaks to hire American or lawful employees. Companies that persist in hiring employees using stolen or counterfeit identification should be at risk of losing licenses of all kinds for failing to use the E-Verify system or other similar resource for verification of identity.

D) Need to implement the re-introduction of the teaching of the trades in our public schools.: *

Agree

Disagree

A recent Pulse Opinion survey (2013) reveals that 80% of Texans believe that we have enough low-skilled workers to fill our employer needs. It has become evident that in the quest to increase academic standards and prepare students for college, our schools eliminated the teaching of the trades. Over time, this failure to educate students in the trades has resulted in not having an adequate supply of skilled craftsmen to fulfill demand when there is an economic expansion. The shortage in competent trades craft employees can be addressed with cooperation of heavy industry companies, service industries and our schools to train and mentor American youth. Through this educational reform, markets would re-open to American job seekers with the desire to work in the trades and provide a free flow of trained American labor to the industries who cry out for skilled labor. I will support the passage of legislation to implement the re-introduction of the teaching of the trades in our public schools.

E) Require use of E-Verify or similar resource as a condition for a contract with a state or local governmental entity.: *

Agree

Disagree

Any business and all subcontractors, consultants and temporary workers used in the course of doing business with a state or local governmental entity through the bid or single source process, must use E-Verify or similar resource to halt identity theft and illegal hiring practices. I will support legislation mandating the use of E-Verify or similar resource.

F) Use 10th Amendment powers to limit the use of executive orders by the President to fully align with the U.S. Constitution.: *

Agree

Disagree

Executive Orders, which are of a temporary nature by law, should not be used to compel actions by a federal branch of government that conflict with duly passed laws of Congress. Texas must determine when such actions are arbitrary, political and capable of causing harm and injury to Texans. In such cases we must reject such directives by using the courts and Texas' 10th Amendment powers. I will support legislation to limit the use of executive orders by the President to fully align with the U.S. Constitution.

Office Sought: State Rep Dist 92

Name: Andy CARGILE

Signature: Andy Cargile

Date: 1-15-14

Please remit your responses via scanned e-mail to: magnacarta@stopthemagnet.com or to the following fax number: **713-973-5762**. Please make sure to fax **all three** pages of this survey. You may also mail in your responses to: **STM 448 W.19th St. #234, Houston, Tx. 77008**.

Questions: e-mail Liz Theiss at: magnacarta@stopthemagnet.com or call Jeanne Hall at
