Attached is our completed questionnaire for the Immigration Vetting Project. I hope that you will notice that Senator Dan Patrick is not only consistently with you on the issues but can point to specific items of legislation for each of the questions. Dan Patrick is the only candidate for Lieutenant Governor that has

1. consistently fought to fund border security;
2. prohibit sanctuary cities;
3. stop of magnet of hiring illegals;
4. improve educational opportunities for students not going to college and
5. exercised our state's rights guaranteed to us under the 10th amendment.
